Subject: ICR for 404 G DRAFT ready for the SharePoint
Attachments: ICR Grule (14 and 15 combined).docx

Kathy,

Here is my draft again. I have not been able to put it up on SP, as it is not working for me, I have tried 3 times today and will try again later.

Yellow highlights are pieces of text that need to be changed for the ICR 14 (the renewal) and green highlights are for ICR 15. ICR 15 would bring forward all changes in ICR 14 as we discussed.

I think it would help a great deal if you or Simma can approve/reject all the changes in track changes and leave the yellow and green highlights in place as this is where the text need to be modified to account for new numbers, when they come in. One of the problems with the file is that it is large as it is tacking all my changes. Once you approve/disprove the file will be more manageable, I hope. As soon as I get the information from NJ and MI, I will modify. I am following the 401 ICR template, in case you are wondering, and I also tried to solve all of Vlad's concerns as I went along.

Dolores
